

# MODELLING MATH WITH CODE

USING SCRATCH  
& PYTHON

GRADES  
6-10

**George Gadanidis, PhD**

2021 (3rd Edition)

# CONTENTS

## **COMPUTATIONAL MODELLING**

Computational Modelling Around Us 2

## **GROWTH PATTERNS**

Odds, Evens & Naturals 4

Pay Options 7

Modelling Civilization 10

Sustainable Growth 18

## **LINEAR FUNCTIONS**

Linear Functions – Scratch 23

Linear Functions – Python 28

Linear Functions – Python + Graphs 30

## **QUADRATIC FUNCTIONS**

Quadratic Functions – Scratch 31

Quadratic Functions – Python 35

Quadratic Functions – Python + Graphs 39

## **SETS & SUBSETS**

Sets & subsets on a grid 41

Venn diagrams 49

Circuits 52

Boolean Algebra 56

Logic gates 57

Making decisions in Scratch 58

Making decisions in Python 59

## **MOTION WITH MATH + CODE**

Motion Art 61

Relative Density Art 63
